When we halted OHIO. croup, whooping cough and bronchitis Becker's hanging directly opposite the entrance door, is the most noticeable of the accessories to this room. Again entering the hall, its length is traversed in order to reach the spacious dining-room. Makogany here gives the keynote of color, a rich, deep, red wood, effective in tint, paneling the walls. The buffets, tables and chairs are all of the same wood. On either side of the wide firepisoe, at the far end of the room, are doors with brass scroll-work of a good design, and above these are crystal paneled cupboards. A great picture of De

Negville's is well placed, and lighted by the two windows which look out upon the River Charles. From the specious dining-room leads the library. A pair of large folding ness and all symptoms of Dyspepsia. doors makes it possible to separate the apartments where the feast of reason is spread from that where a distinguished member of the corden bien publishes new volumes of his works daily. The library is, perhaps, the most attractive corner of the whole charming house.

The prevailing color is a warm russet brown. The walls are hung in deep embossed leather, and paneled in dull wood. The decorations of the ceiling are unique and most effective—the various marks of the famous old publishers being artistically rendered in brown and gold of varying shedes. The wide fireplace, with its grate and irons, has a famous backlog blazing upon its hearth on this charp spring evening. The leaping flames shine on the rows of interesting looking books, placed within easy reach of the reader. - Boston Transcript.
